Tokyo, Japan – The Board of Directors of Obara Corporation (TOKYO: 6877) today resolved to revise dividend forecast for fiscal 2011 (ending September 30, 2011).

(1) Reason for Revision of Dividend Forecast

The business result of Obara Corporation until the end of the 3rd quarter of this fiscal year has been favorable. In addition, the full year result for the year ending in September 2011 is also expected to be favorable as our plan. Considering these circumstances, it has been decided that the dividend for the end of fiscal year ending in September 2011 will be JPY20 per share as opposed to JPY10 as previously planned. This will be resolved at our 53rd Share Holders' Meeting which is planned in the second half of December 2011.
